**Does This Script:**

- start with a greeting, "excuse me", or other hook to get the partner's attention?
- include a range of communicative functions (positive comment, negative comment, teasing, questioning, directing, etc.)?
- provide for multiple turns (ex:, topic maintainers such as "tell me more" or "wanna hear the rest")?
- ensure that the user doesn't get "backed into a corner" (unexpected response stops exchange?)
- Use "real-kid language" appropriate for the student's age and setting?
- Use "person-matched language" appropriate to the personality of the individual?
